

# BACtrack® Mobile

## SMARTPHONE BREATHALYZER

The award-winning BACtrack Mobile integrates a smartphone app and professional-grade breathalyzer to bring blood alcohol content (BAC) wirelessly to your device. Quickly and easily estimate your BAC, monitor your results over time, and with ZeroLine®, estimate when your BAC will return to 0.00%. You can even call an Uber™ directly from the BACtrack App if you've had too much.

*INTENDED USE: Screens for the presence of ethanol in human breath.*

## Key Features

- **Xtend® Fuel Cell Sensor** - The same professional-grade technology trusted by hospitals, clinics, and law enforcement
- **Ultra-Portable Design** - Mobile weighs just 2oz and easily fits in your pocket or purse
- **Bluetooth Connectivity** - Wirelessly connects to your smartphone via Bluetooth. Compatible with most Apple, Samsung, and Google devices
- **ZeroLine® Technology** - Estimates when your BAC will return to 0.00%
- **BACtrack Companion App** - Saves and tracks BAC results over time

# BACtrack® Mobile

## SMARTPHONE BREATHALYZER

### Easily and Accurately Estimate Your Alcohol Level in Seconds

For those seeking the highest level of accuracy and consistency, BACtrack Mobile features Xtend® Electro-Chemical Fuel Cell Sensor Technology and simple one-touch operation. A user simply blows through the mouthpiece and their estimated Blood Alcohol Content (BAC) results are displayed in the app within seconds.

### Benefits of Xtend® Fuel Cell Sensor Technology

- Professional-Grade Accuracy
- Precise, Consistent BAC Results
- Long-term Reliability
- Sensitive Enough for High BAC Testing
- Faster Warm Up Time
- Longer Battery Life
- No False Positives
